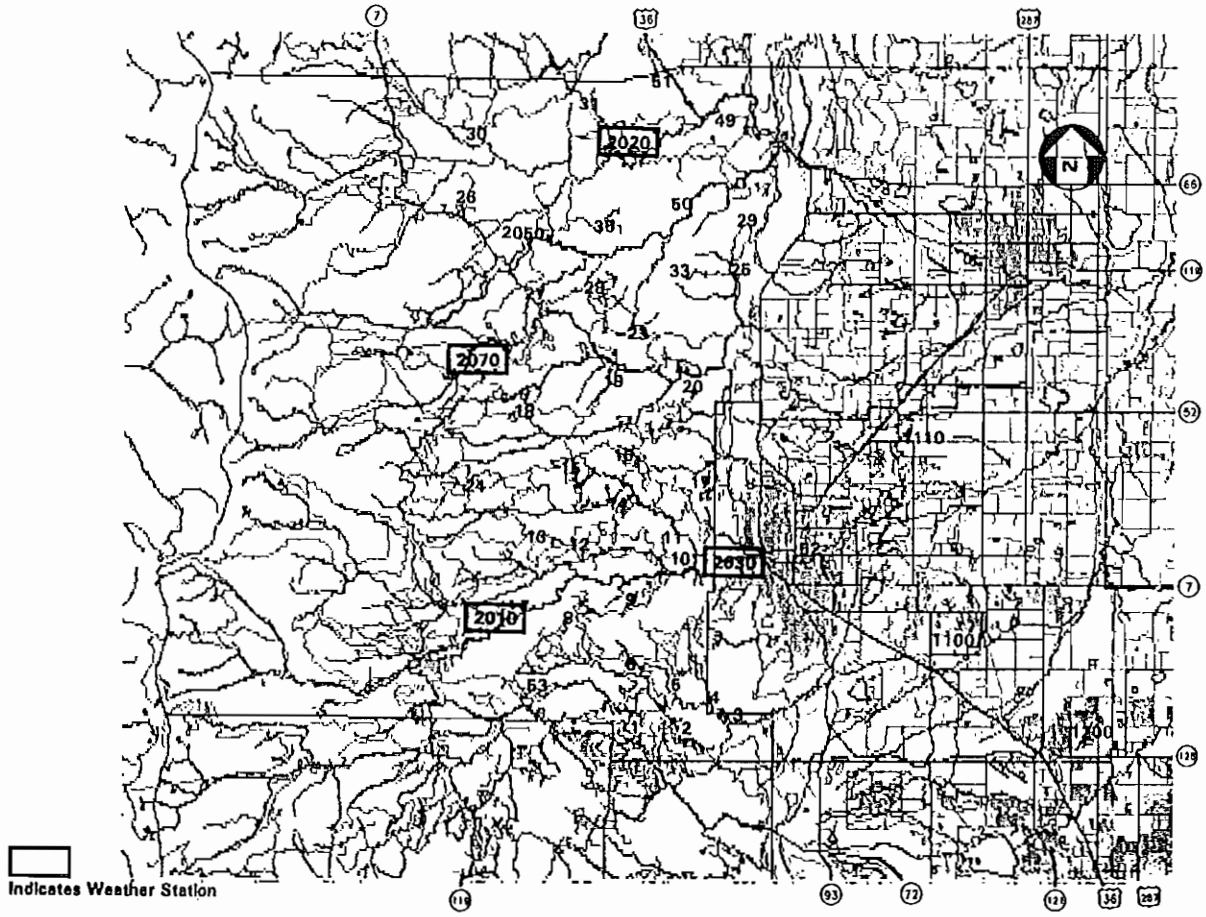
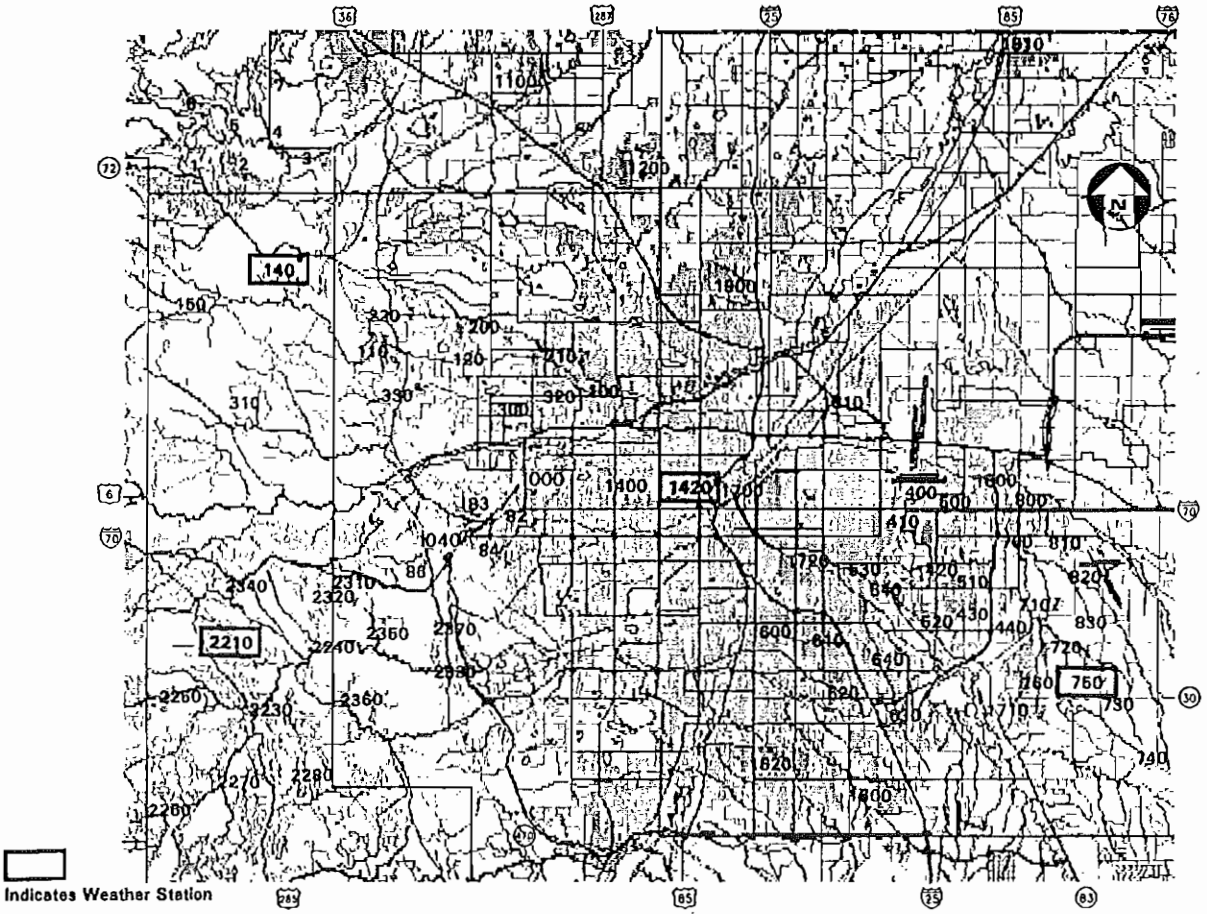
ALERT RAIN GAGE LOCATIONS



BOULDER COUNTY



DISTRICT CENTRAL

1995 MONTHLY RAINFALL SUMMARIES
HAND-WRITTEN NOTES, ABBREVIATIONS AND COMMENTS

CIRCLED DATA: Indicates reported rainfall amount may be inaccurate or the database may be contaminated by a non-precipation event. The probable cause may be identified by a letter or brief note. A circled value without any notation indicates suspect data in which a more detailed inspection of the rain gauge record is recommended. For further discussion of potential data errors and other problems, refer to the *UDFCD Disclaimer Notice* on page 3 of this annual report.

LETTER "B": Indicates battery failure.

LETTER "D": Indicates defective tipping bucket.

LETTER "E": Indicates electronics failure.

LETTER "F" Indicates frozen precipitation.

LETTER "M": Indicates maintenance activity. The reported amount likely includes data from manual testing of the tipping bucket. Maintenance records are available for inspection at the District.

LETTER "I": Indicates rainfall record may include water from a lawn irrigation system. The following stations have been affected in the past:

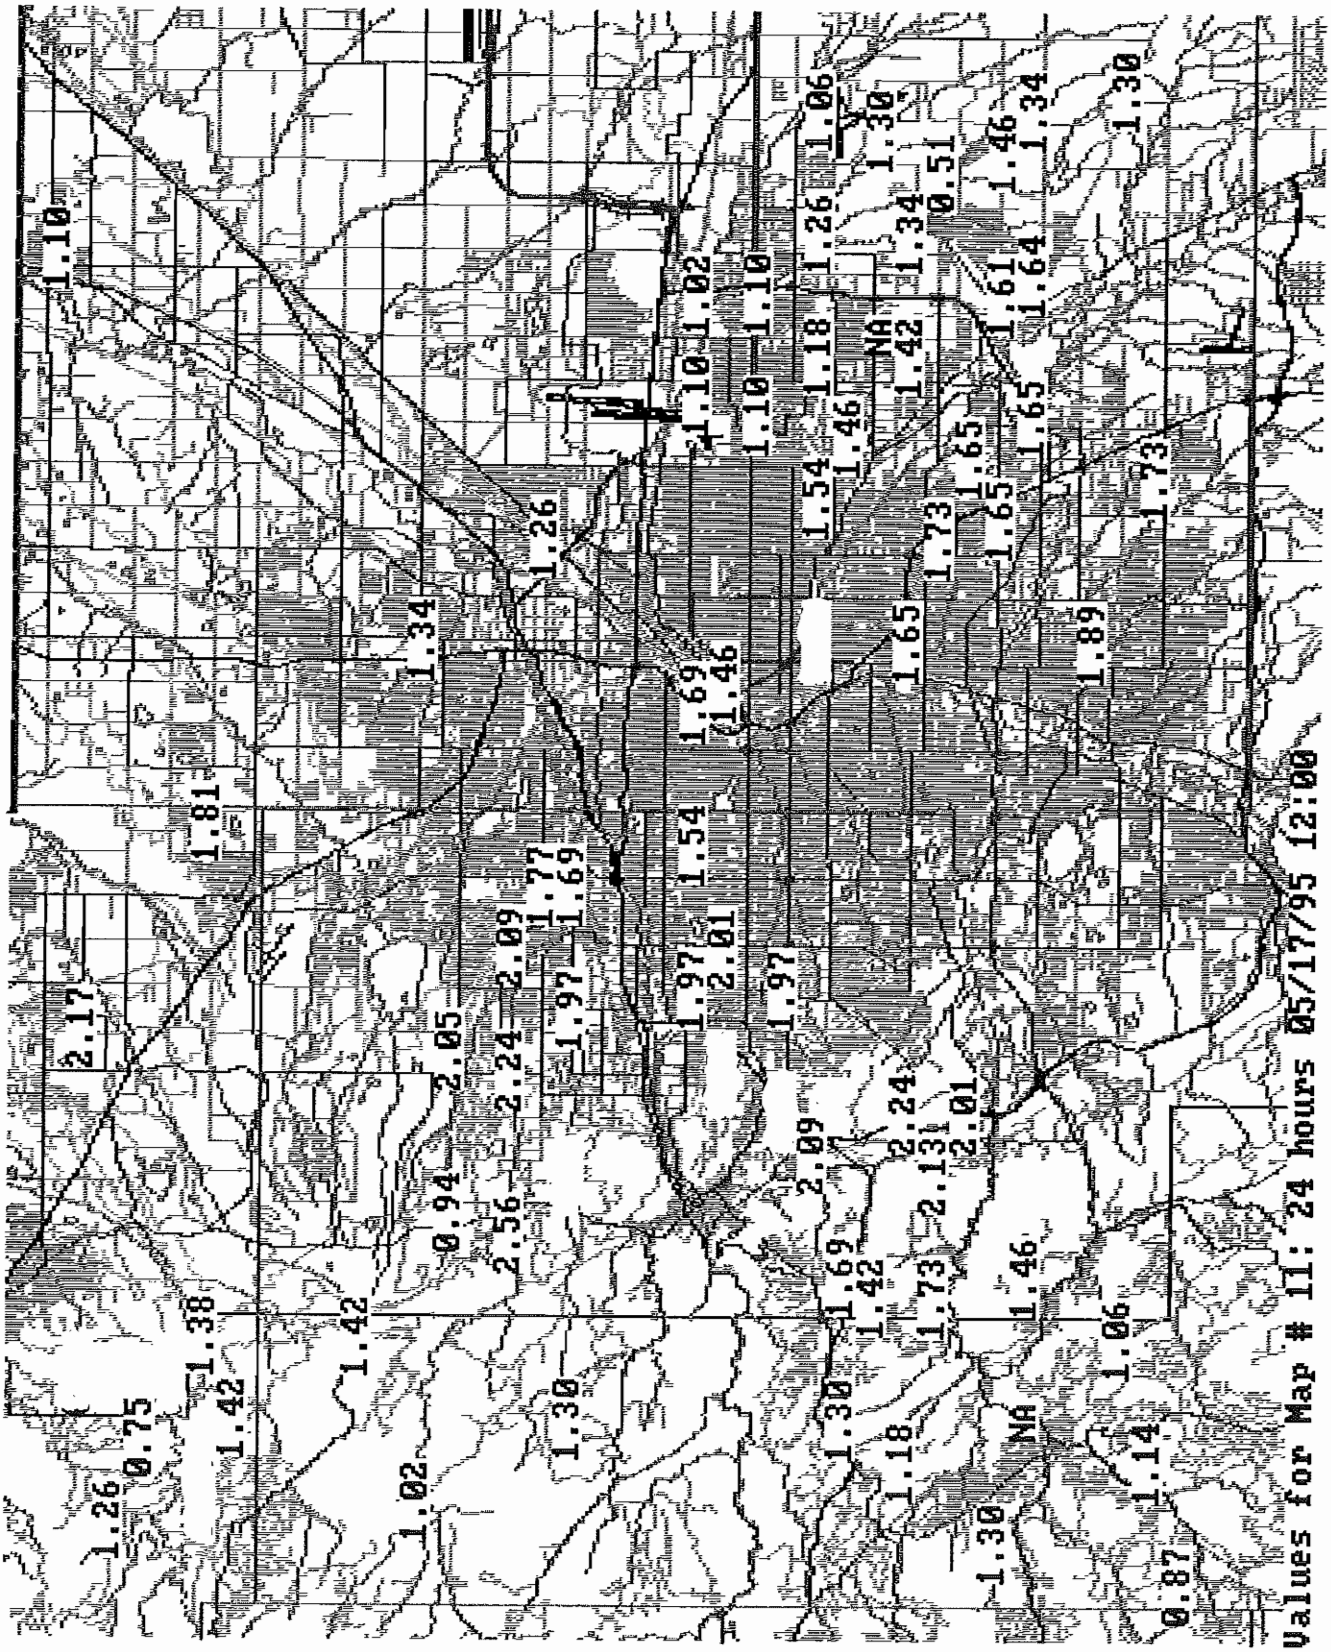
* 100 Carr Street (Ralston Creek FDN)
* 420 Expo Park (Westerly Creek FDN)
* 430 Utah Park (Westerly Creek FDN)
* 500 Havana Park (Westerly Creek FDN)
* 510 Virginia Court (Westerly Creek FDN)
* 630 Temple Pond (Goldsmith/Harvard Gulch FDN)
* 640 Goldsmith @ Eastman (Goldsmith/Harvard Gulch FDN)
* 720 Confluence Pond (Toll Gate Creek FDN)
* 830 Side Creek Park (Toll Gate Creek FDN)

LETTERS "RF": Indicates radio communications problem.

LETTER "V": Indicates vandalism.

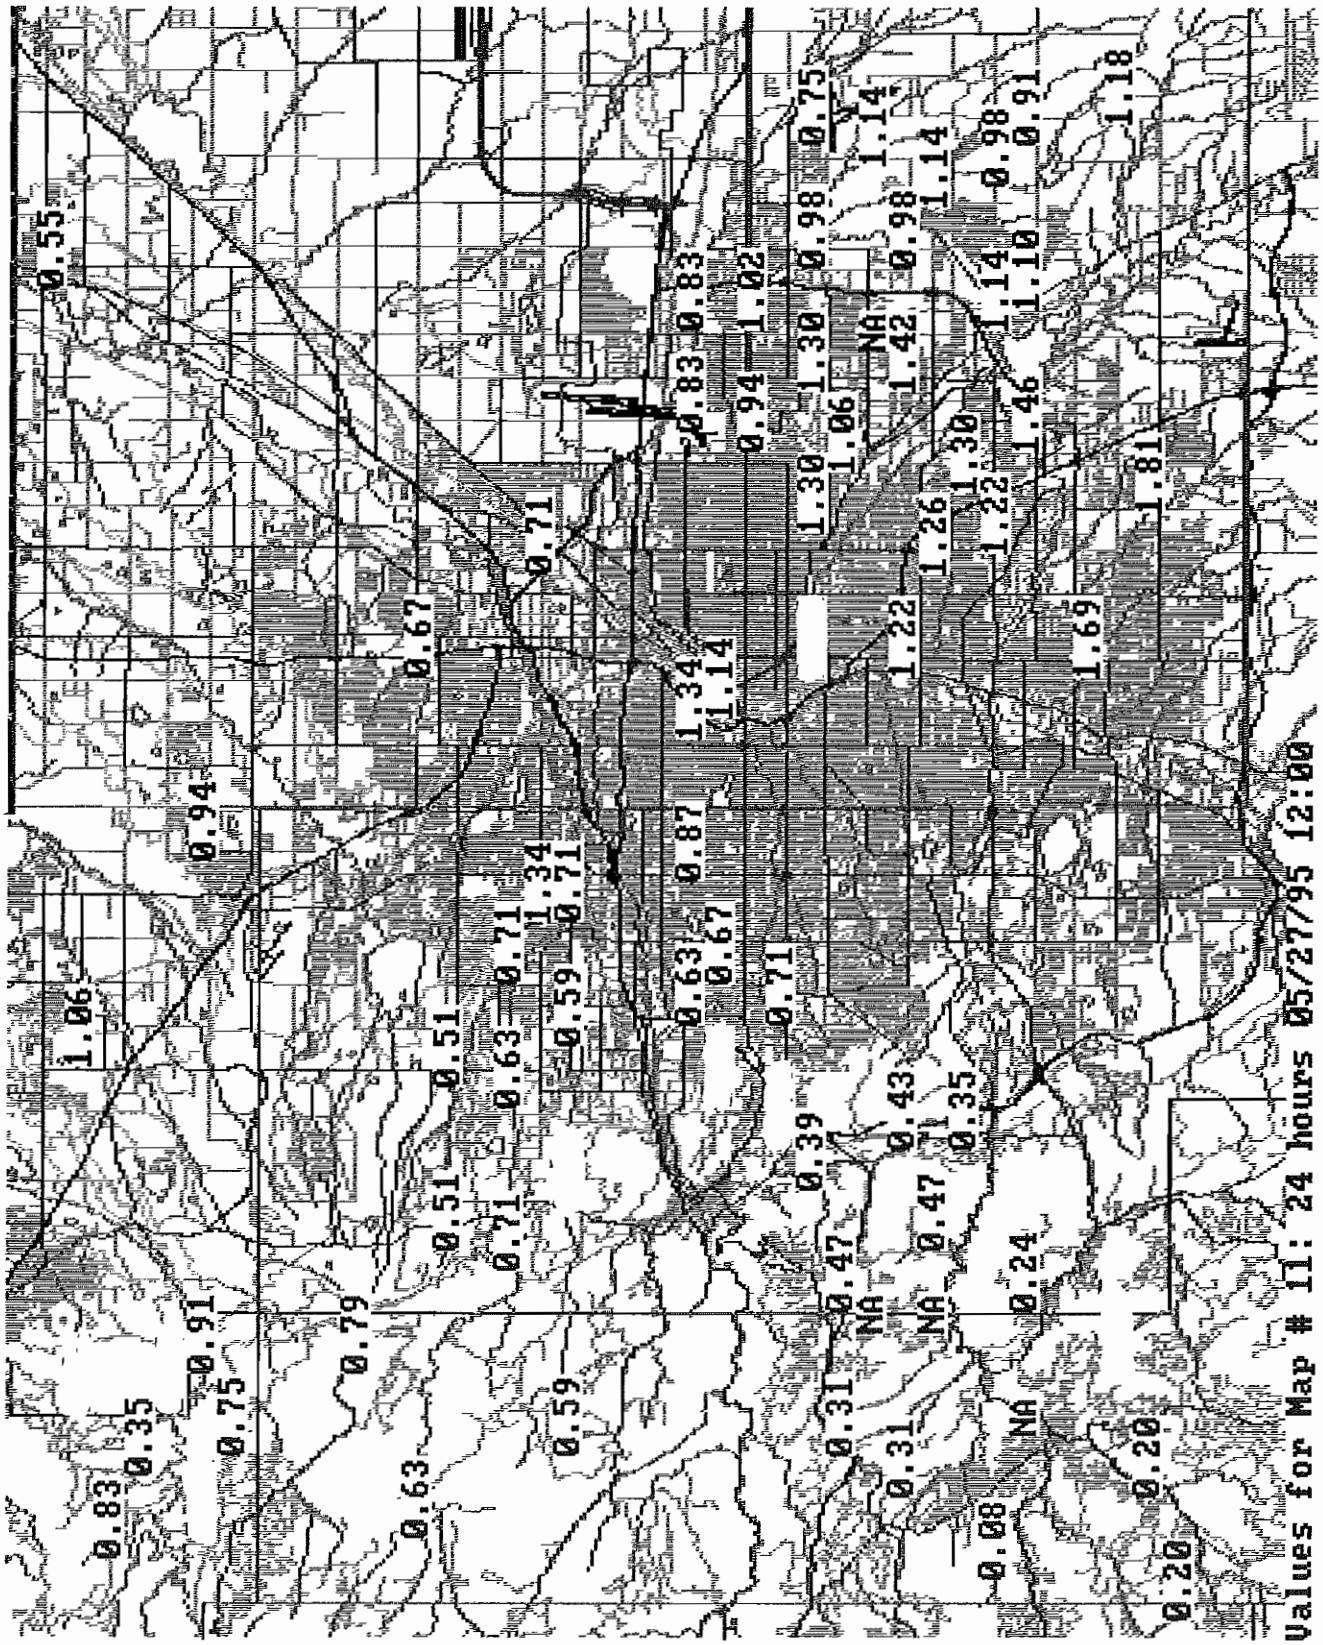
BOULDER COUNTY: Rainfall data collected from the Boulder County ALERT gaging network is made possible by a District-maintained radio repeater station located at the Boulder County Jail. The ALERT gaging stations listed on pages C-BOCO1.APRIL through C-BOCO4.SEPTEMBER are maintained by the Boulder County Sheriff's Department. Detailed maintenance records are not available.

MAY 16-17, 1995



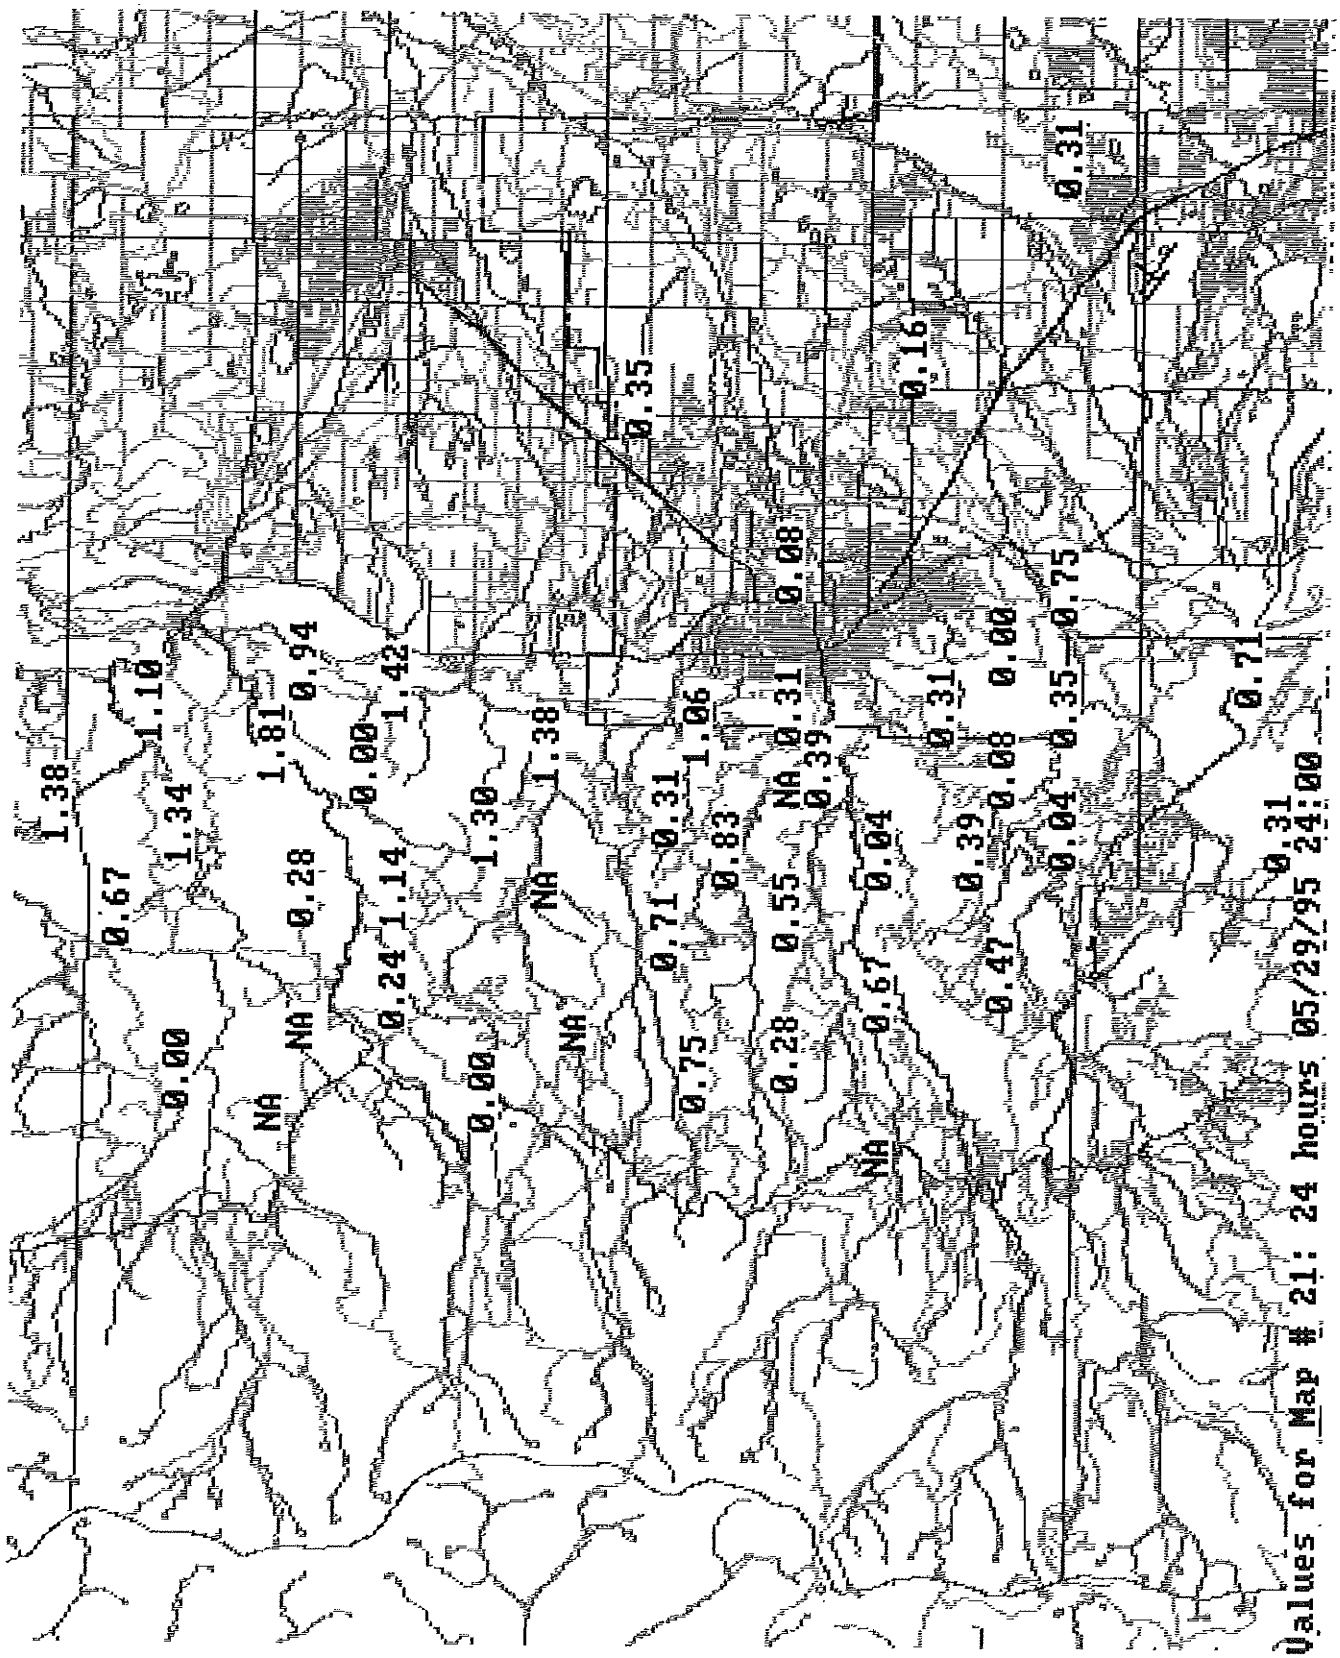
CAVEAT: The data on this page does not represent an official record. The ALERT database contains a certain amount of erroneous data and therefore, the above summary should not be considered accurate without further verification (Ref: UDFCD Disclaimer Notice). Limited efforts have been made to identify erroneous data. If further documentation is desired, contact the Urban Drainage and Flood Control District at (303) 455-6277.

MAY 27, 1995



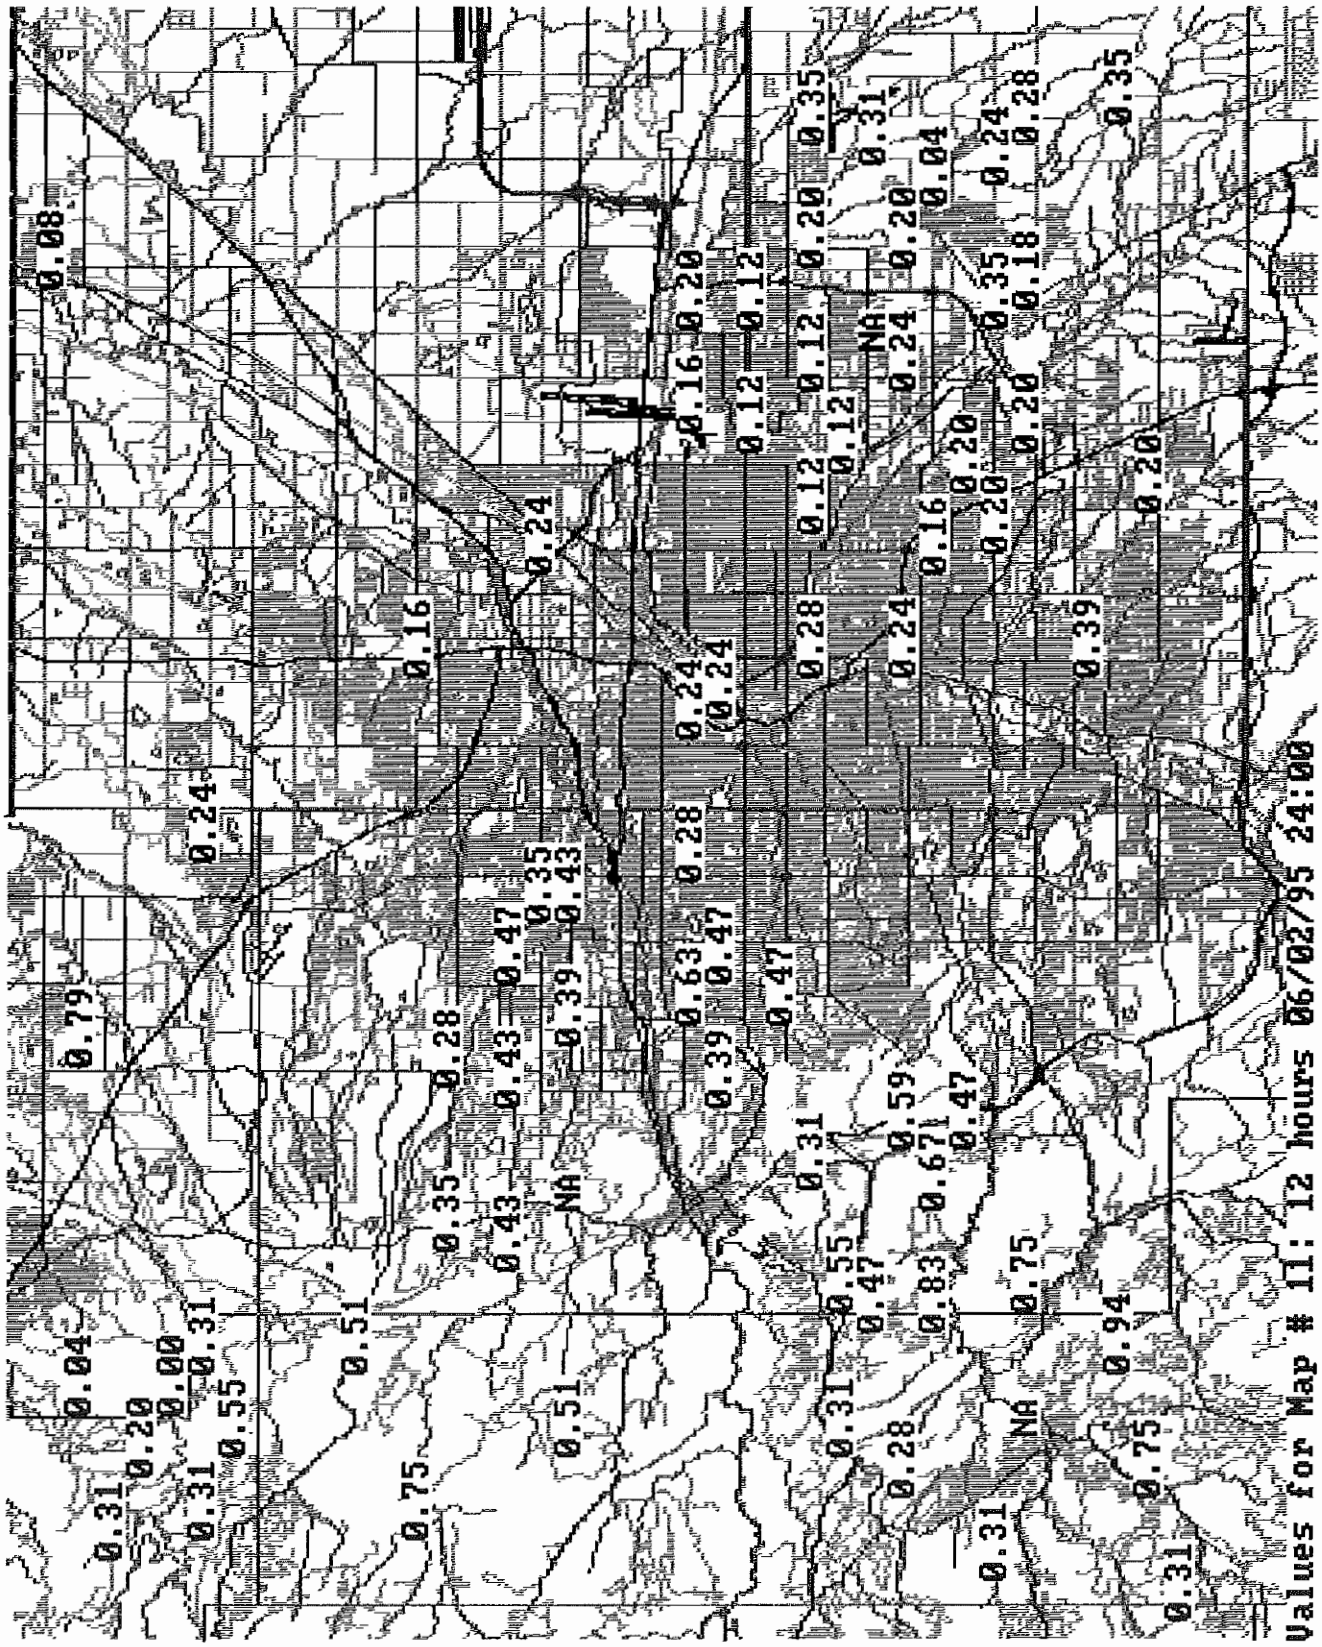
CAVEAT: The data on this page does not represent an official record. The ALERT database contains a certain amount of erroneous data and therefore, the above summary should not be considered accurate without further verification (Ref: UDFCD Disclaimer Notice). Limited efforts have been made to identify erroneous data. If further documentation is desired, contact the Urban Drainage and Flood Control District at (303) 455-6277.

MAY 29, 1995



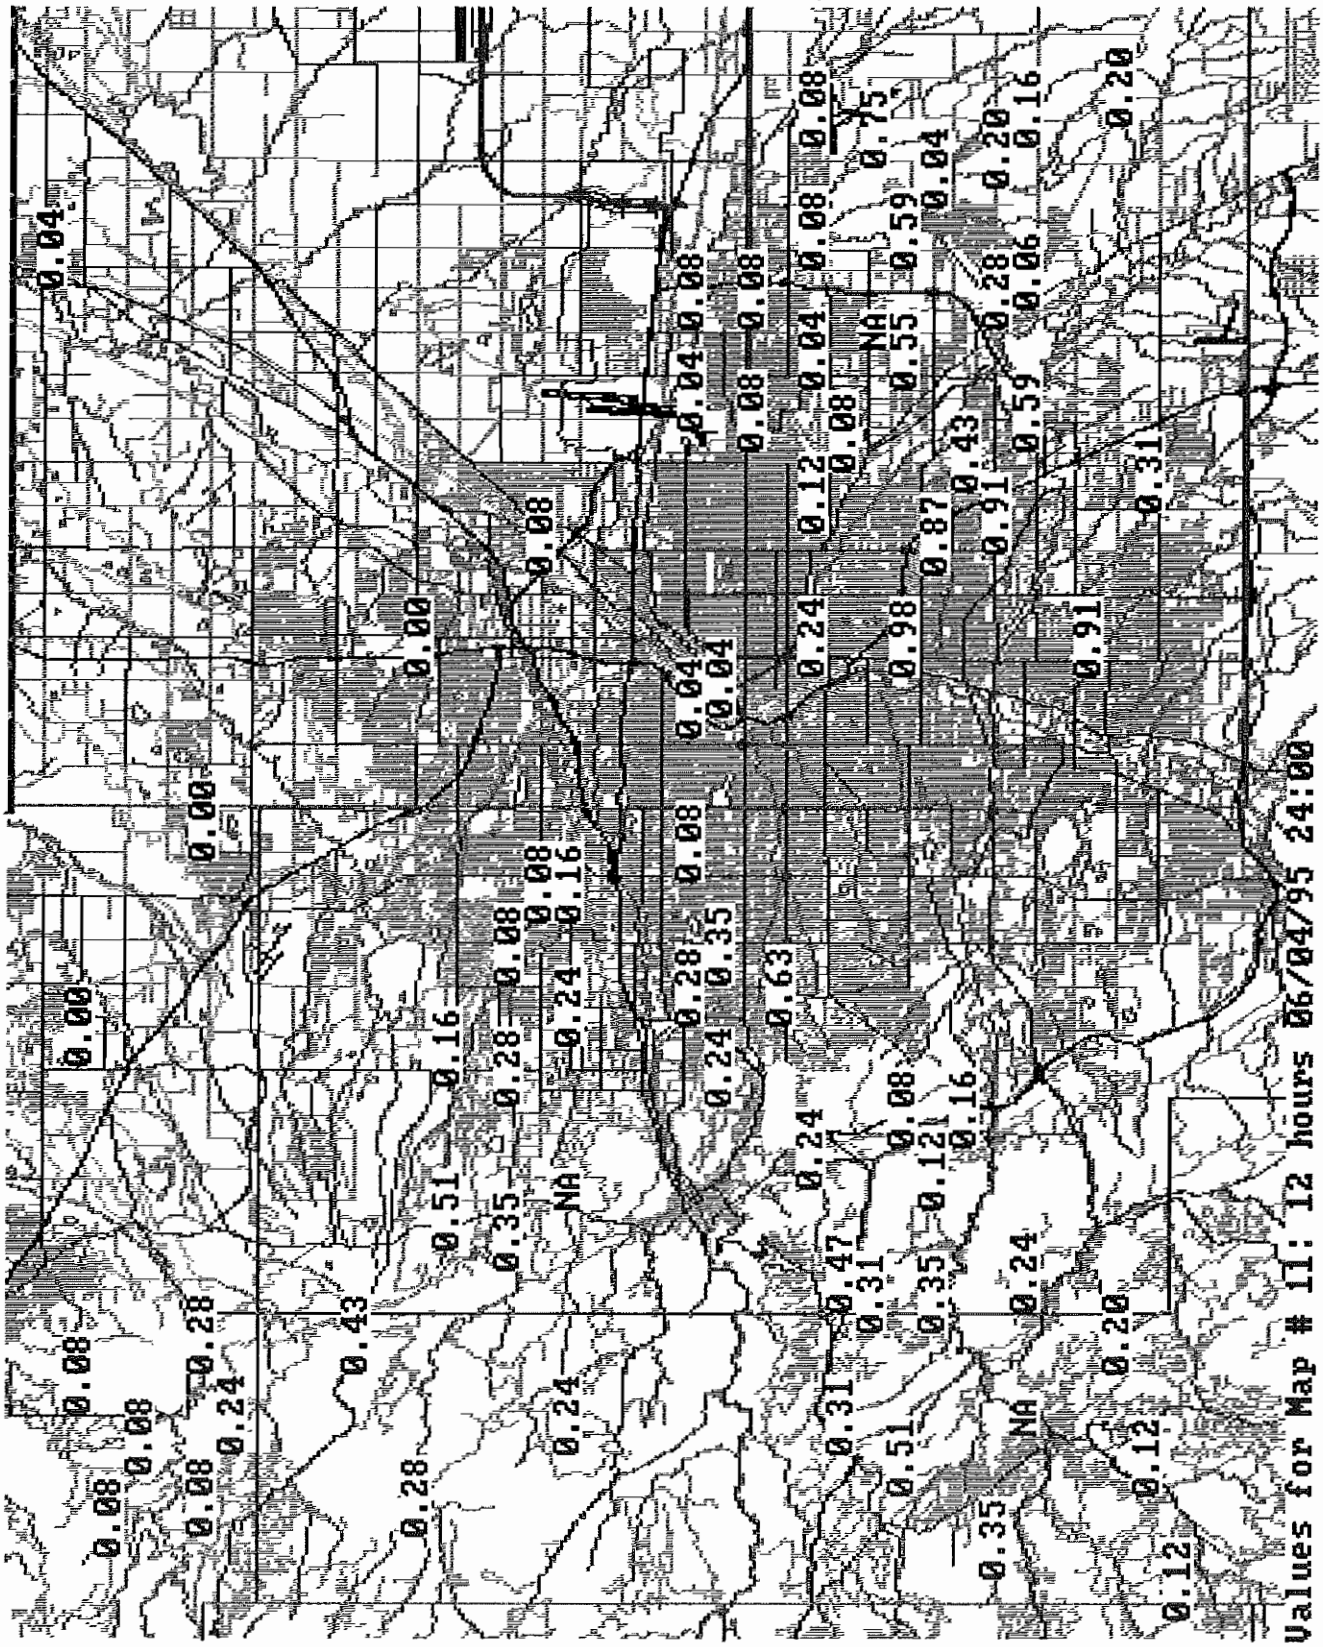
CAVEAT: The data on this page does not represent an official record. The ALERT database contains a certain amount of erroneous data and therefore, the above summary should not be considered accurate without further verification (Ref: UDFCD Disclaimer Notice). Limited efforts have been made to identify erroneous data. If further documentation is desired, contact the Urban Drainage and Flood Control District at (303) 455-6277.

JUNE 2, 1995



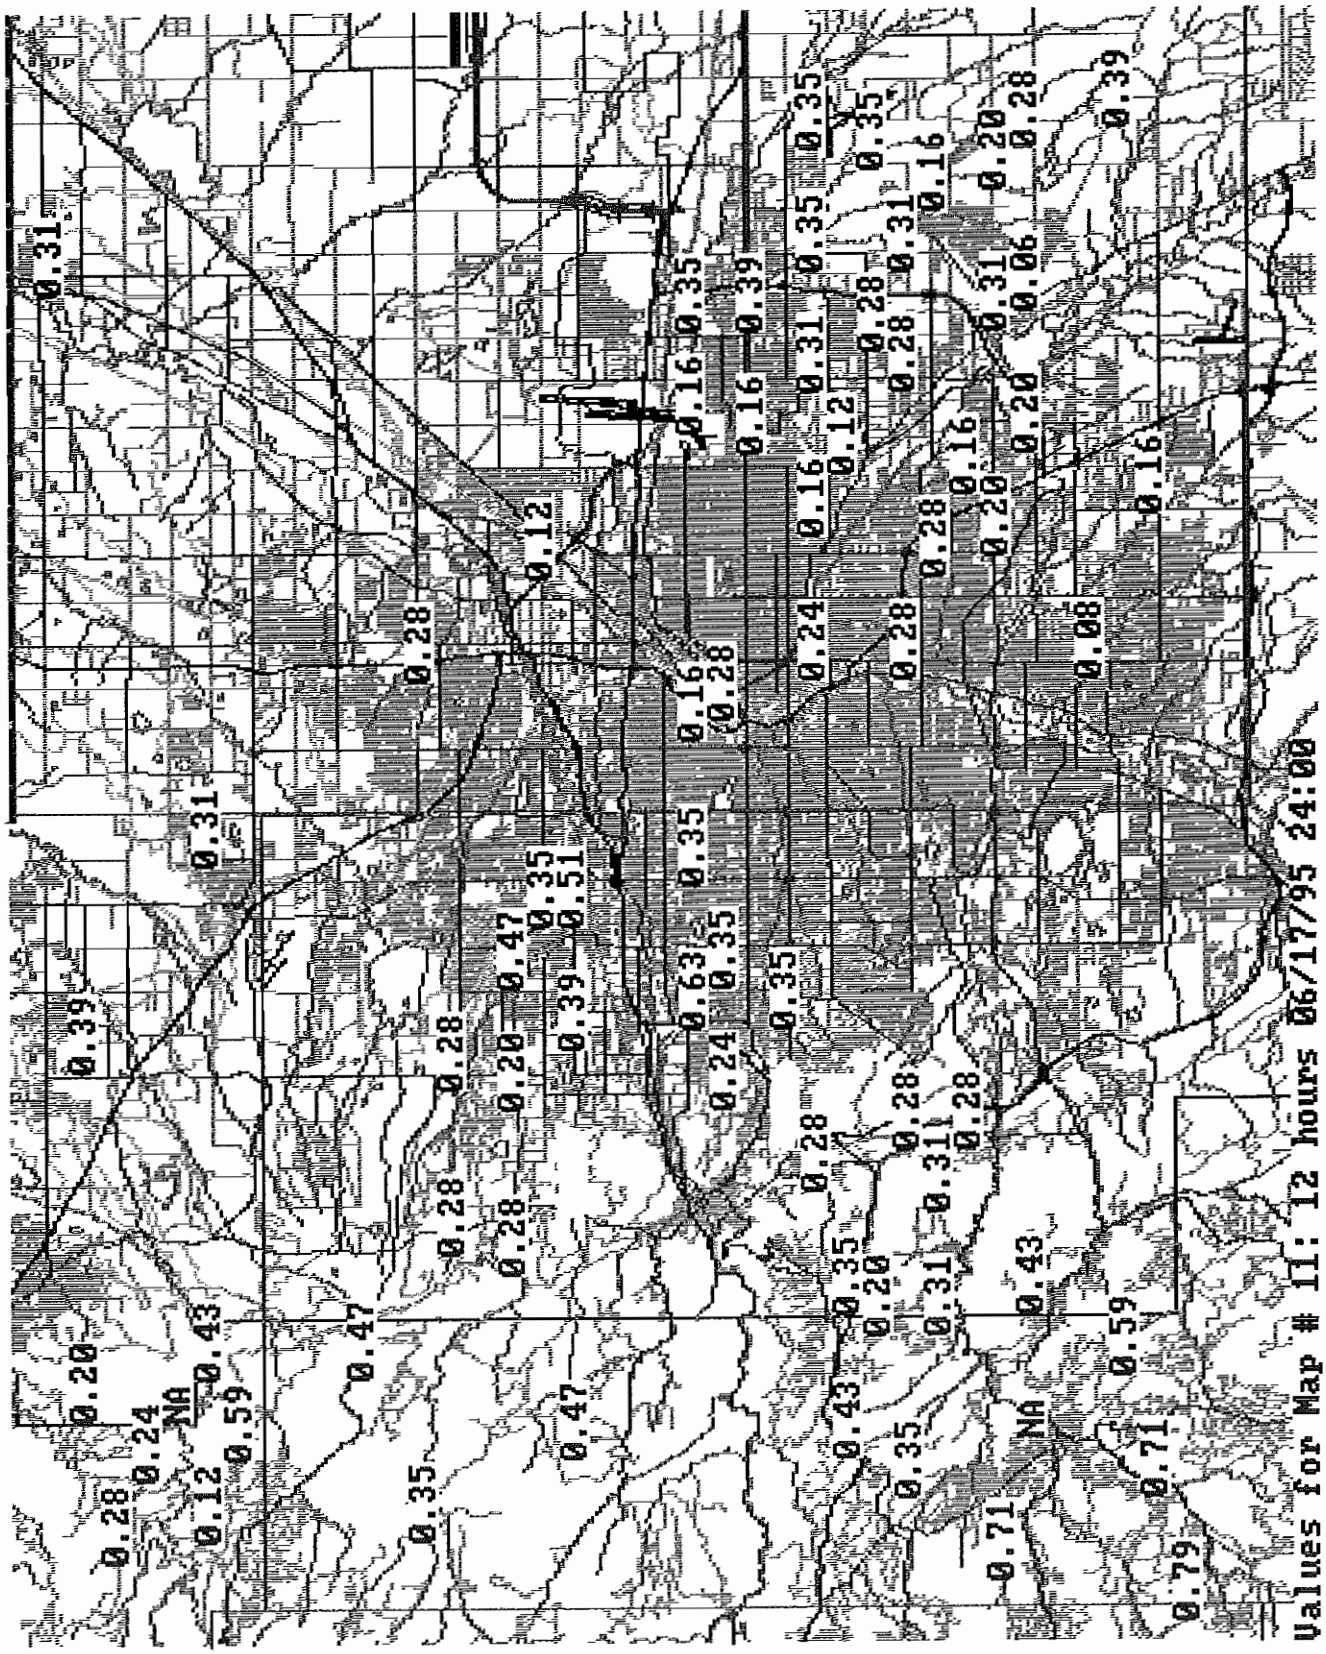
CAVEAT: The data on this page does not represent an official record. The ALERT database contains a certain amount of erroneous data and therefore, the above summary should not be considered accurate without further verification (Ref: UDFCD Disclaimer Notice). Limited efforts have been made to identify erroneous data. If further documentation is desired, contact the Urban Drainage and Flood Control District at (303) 455-6277.

JUNE 4, 1995



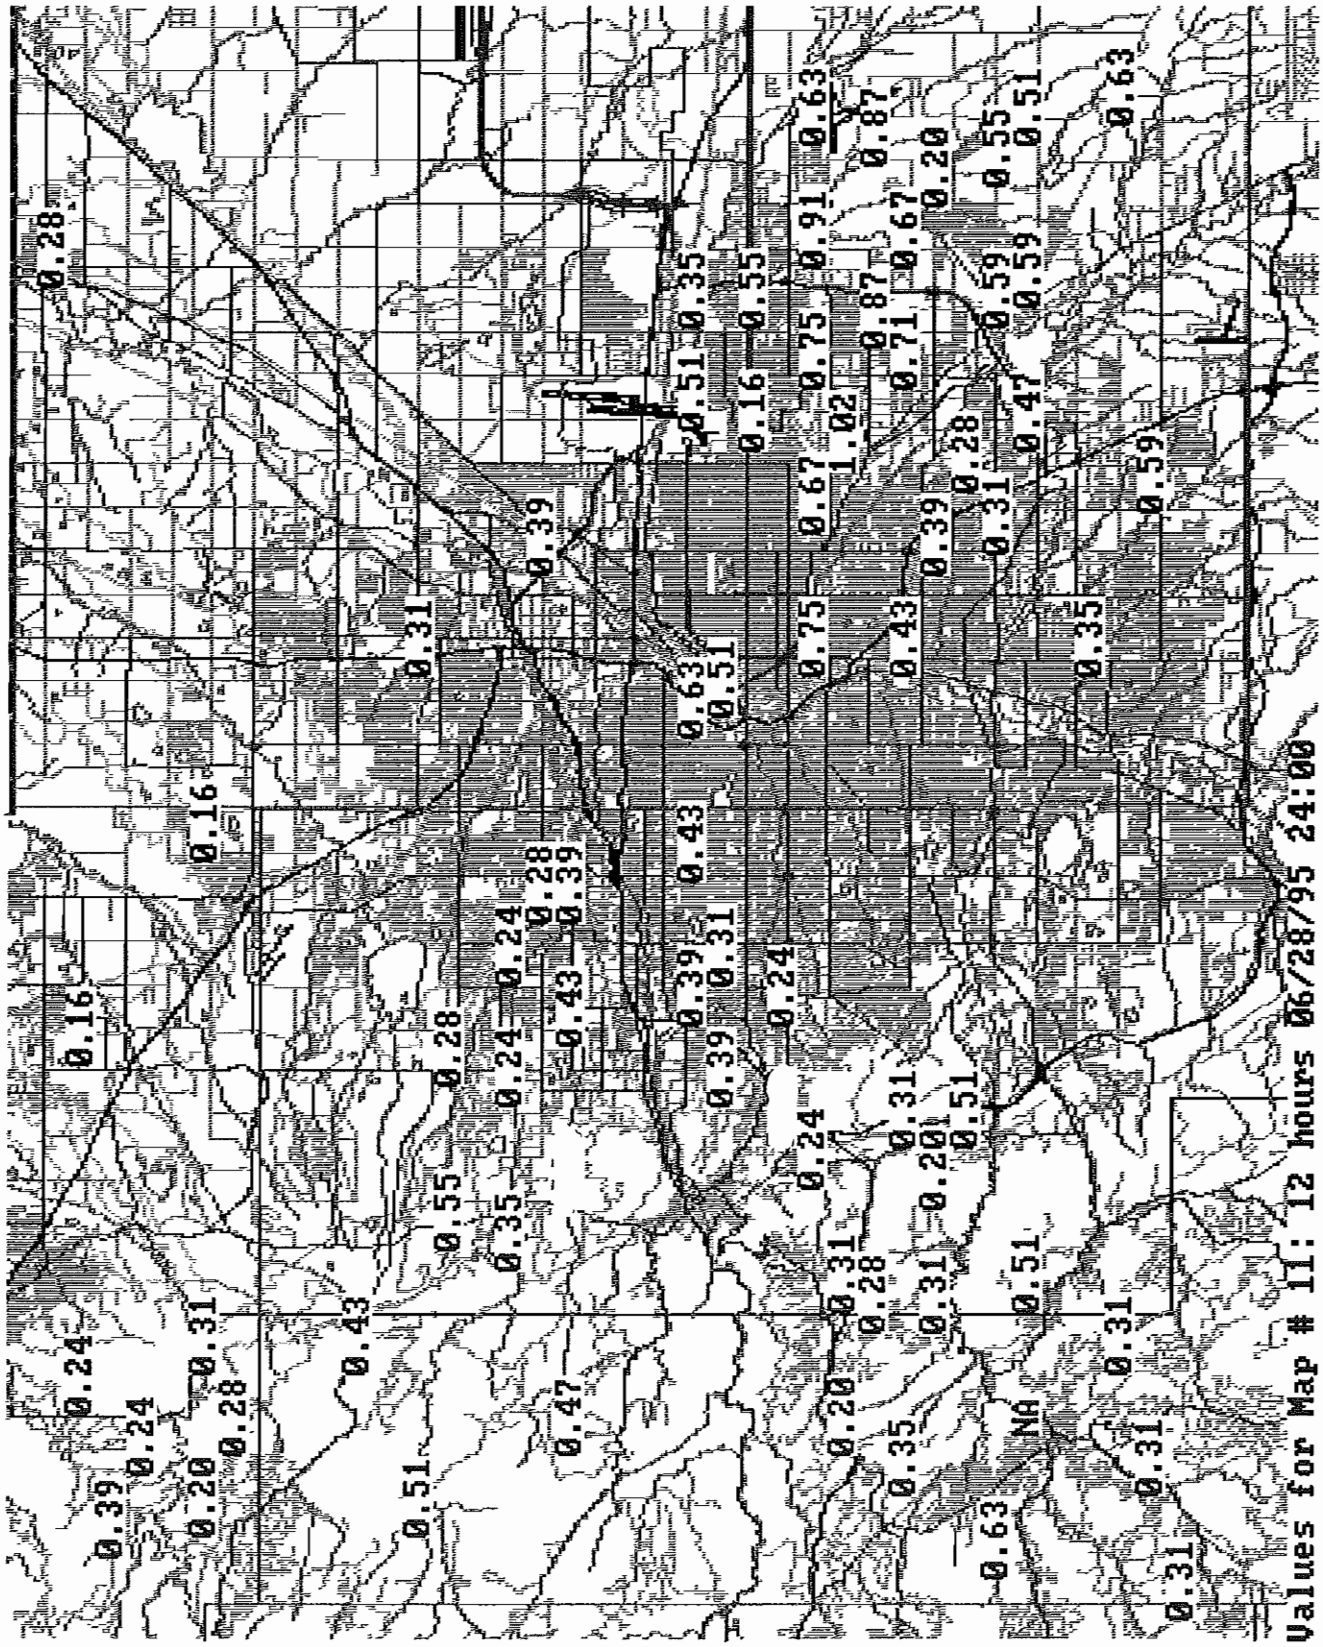
CAVEAT: The data on this page does not represent an official record. The ALERT database contains a certain amount of erroneous data and therefore, the above summary should not be considered accurate without further verification (Ref: UDFCD Disclaimer Notice). Limited efforts have been made to identify erroneous data. If further documentation is desired, contact the Urban Drainage and Flood Control District at (303) 455-6277.

JUNE 17, 1995



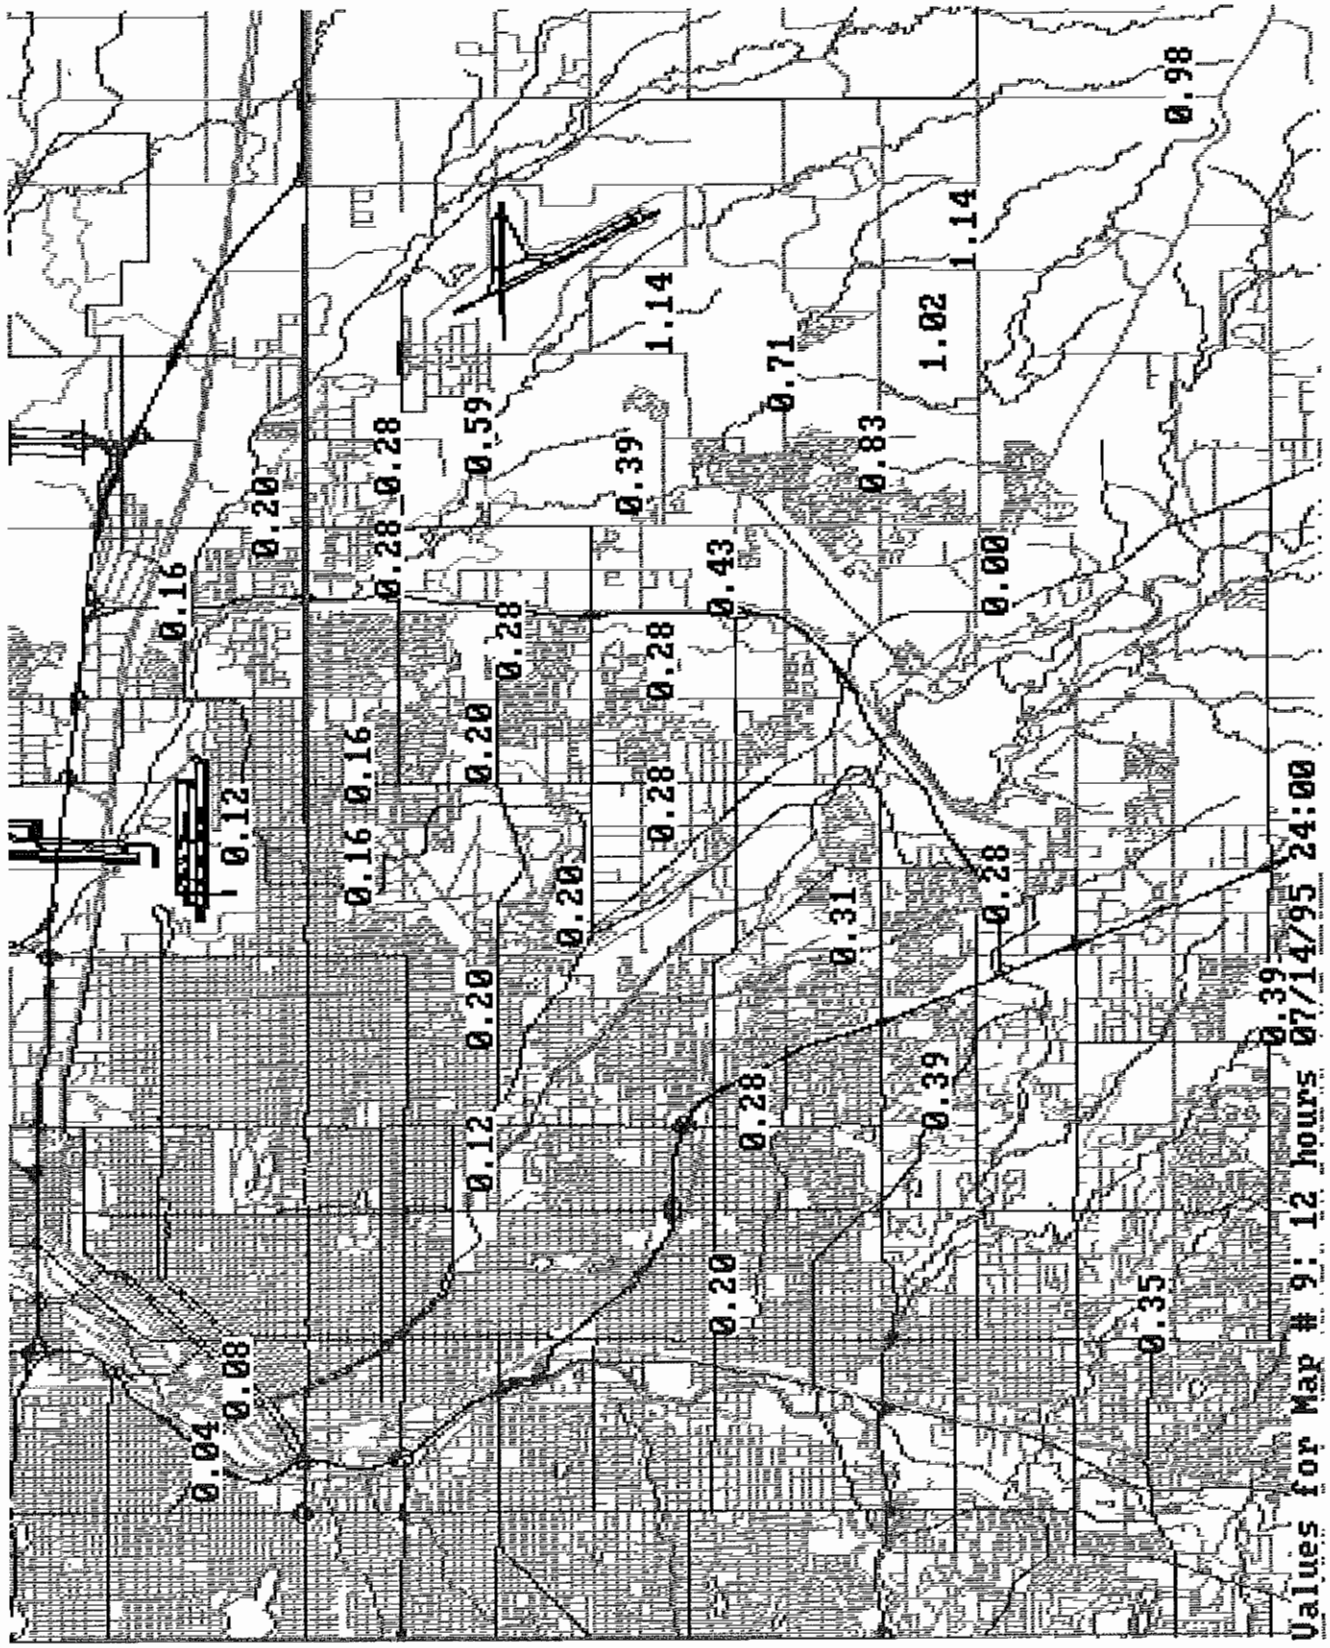
CAVEAT: The data on this page does not represent an official record. The ALERT database contains a certain amount of erroneous data and therefore, the above summary should not be considered accurate without further verification (Ref: UDFCD Disclaimer Notice). Limited efforts have been made to identify erroneous data. If further documentation is desired, contact the Urban Drainage and Flood Control District at (303) 455-6277.

JUNE 28, 1995



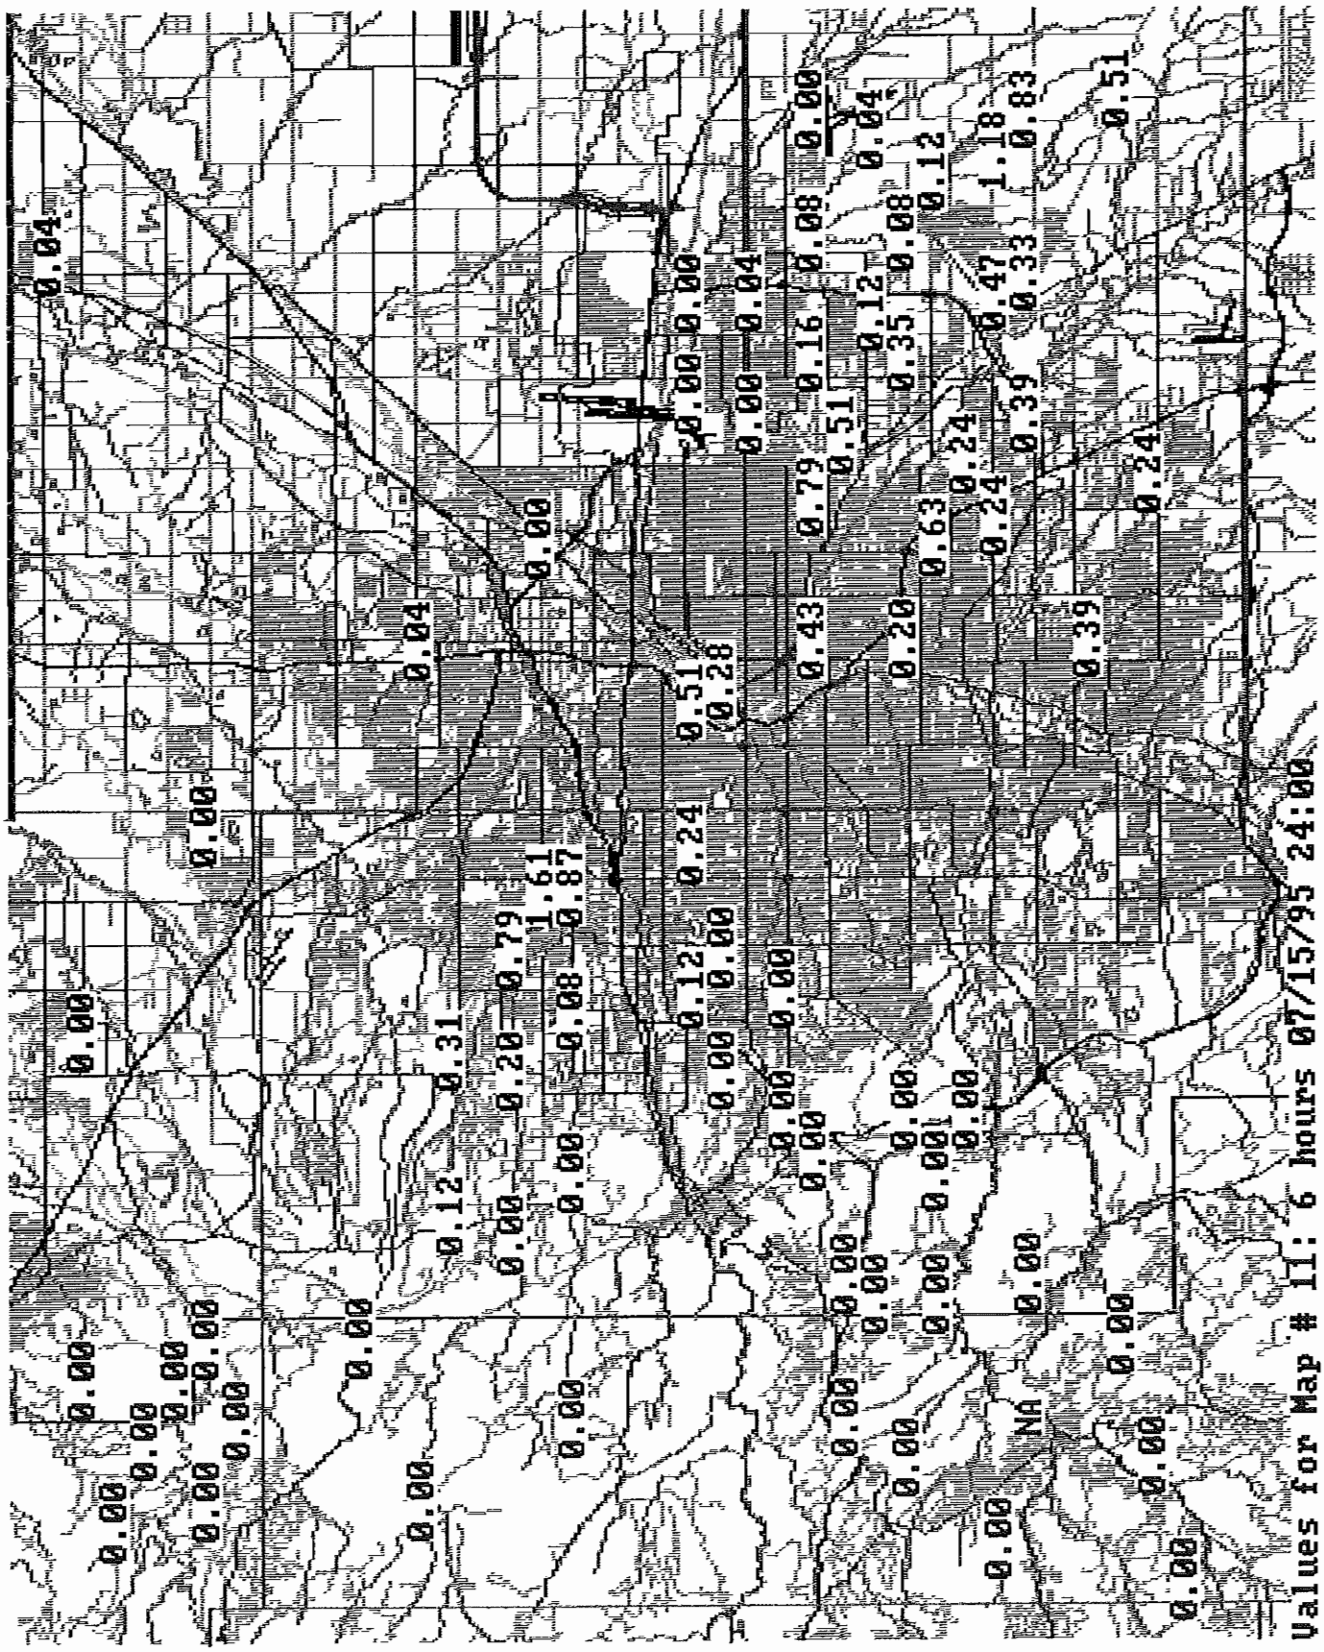
CAVEAT: The data on this page does not represent an official record. The ALERT database contains a certain amount of erroneous data and therefore, the above summary should not be considered accurate without further verification (Ref: UDFCD Disclaimer Notice). Limited efforts have been made to identify erroneous data. If further documentation is desired, contact the Urban Drainage and Flood Control District at (303) 455-6277.

JULY 14, 1995

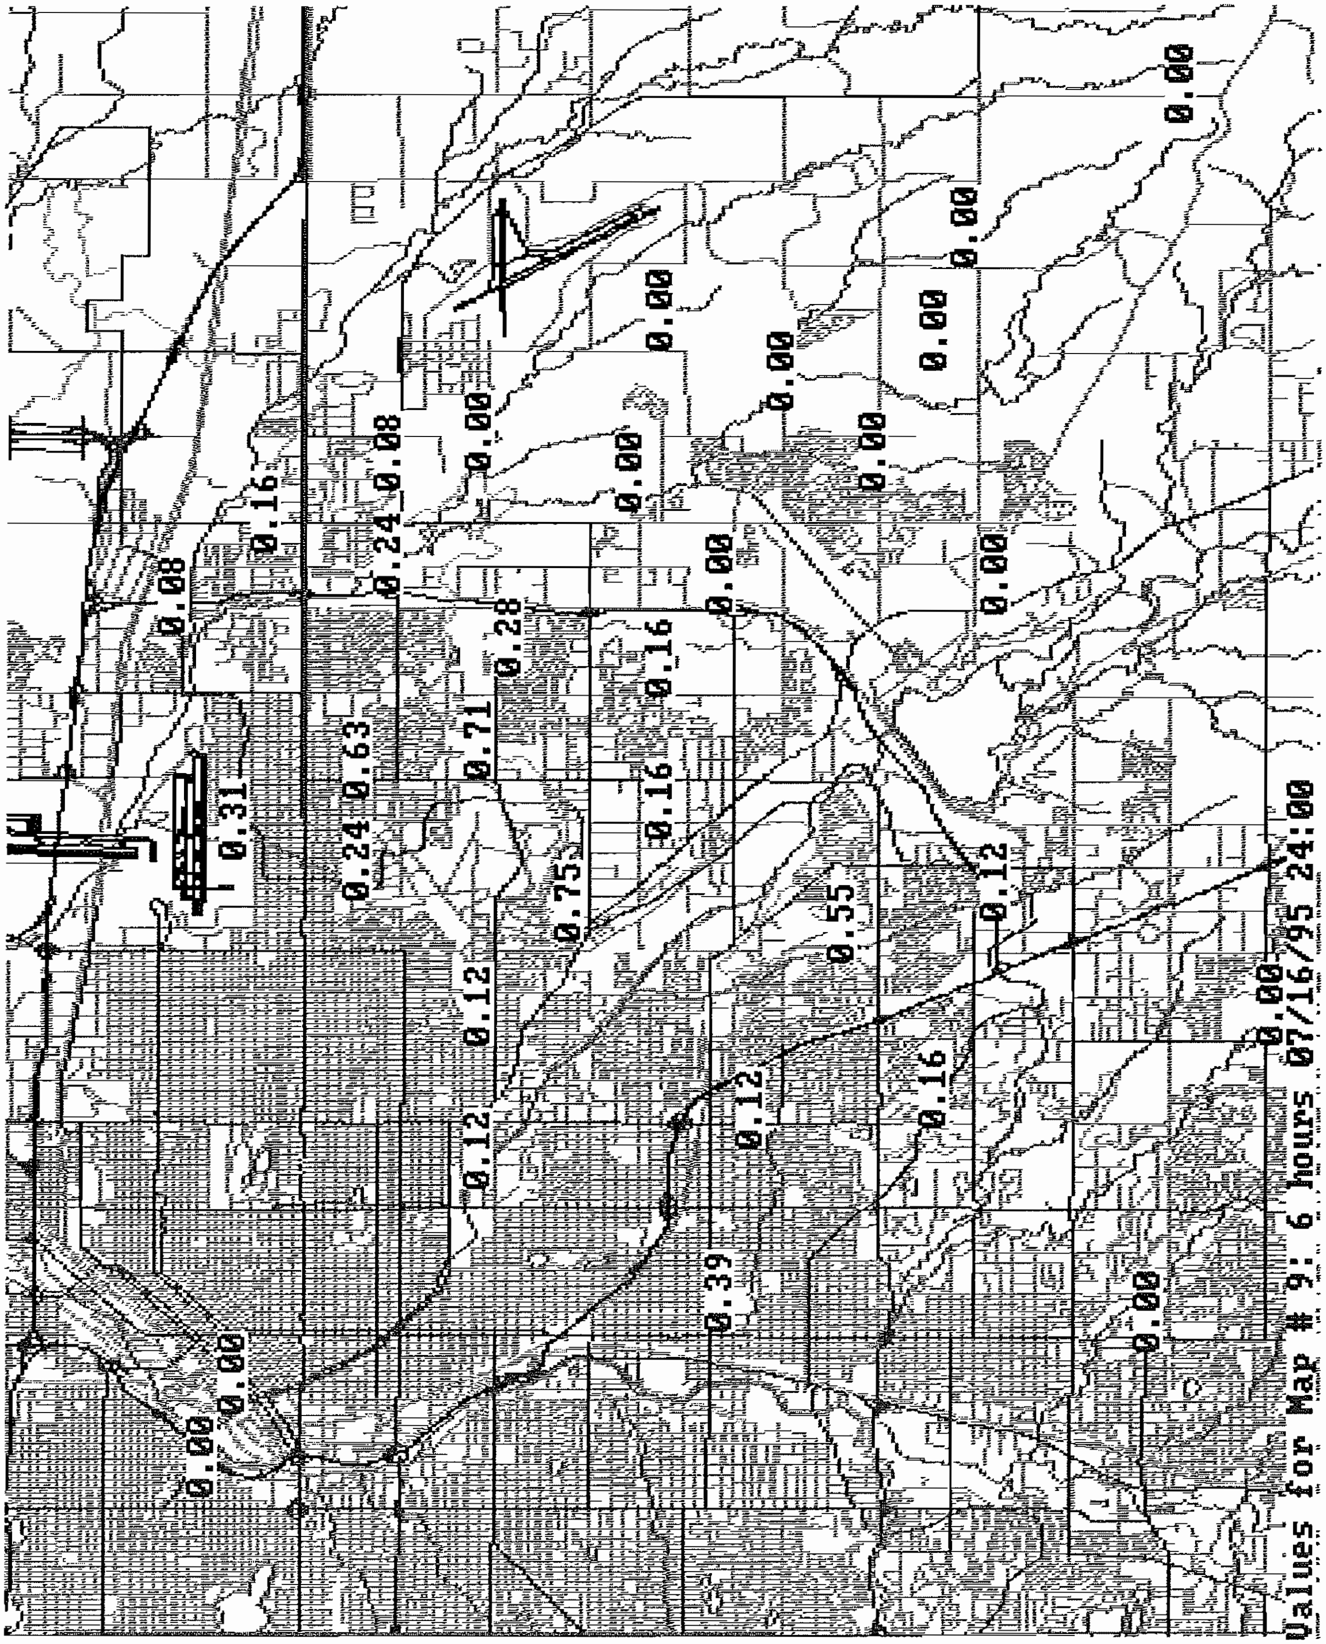


CAVEAT: The data on this page does not represent an official record. The ALERT database contains a certain amount of erroneous data and therefore, the above summary should <u>not</u> be considered accurate without further verification (Ref: UDFCD Disclaimer Notice). Limited efforts have been made to identify erroneous data. If further documentation is desired, contact the Urban Drainage and Flood Control District at (303) 455-6277.

JULY 15, 1995



CAVEAT: The data on this page does not represent an official record. The ALERT database contains a certain amount of erroneous data and therefore, the above summary should not be considered accurate without further verification (Ref: UDFCD Disclaimer Notice). Limited efforts have been made to identify erroneous data. If further documentation is desired, contact the Urban Drainage and Flood Control District at (303) 455-6277.



CAVEAT: The data on this page does not represent an official record.
